

I am going to visit the Polk House and Museum!

We can park on the side street.

To get to the Visitor's Center, I can walk on this sidewalk.

I can go in these doors to get checked in.

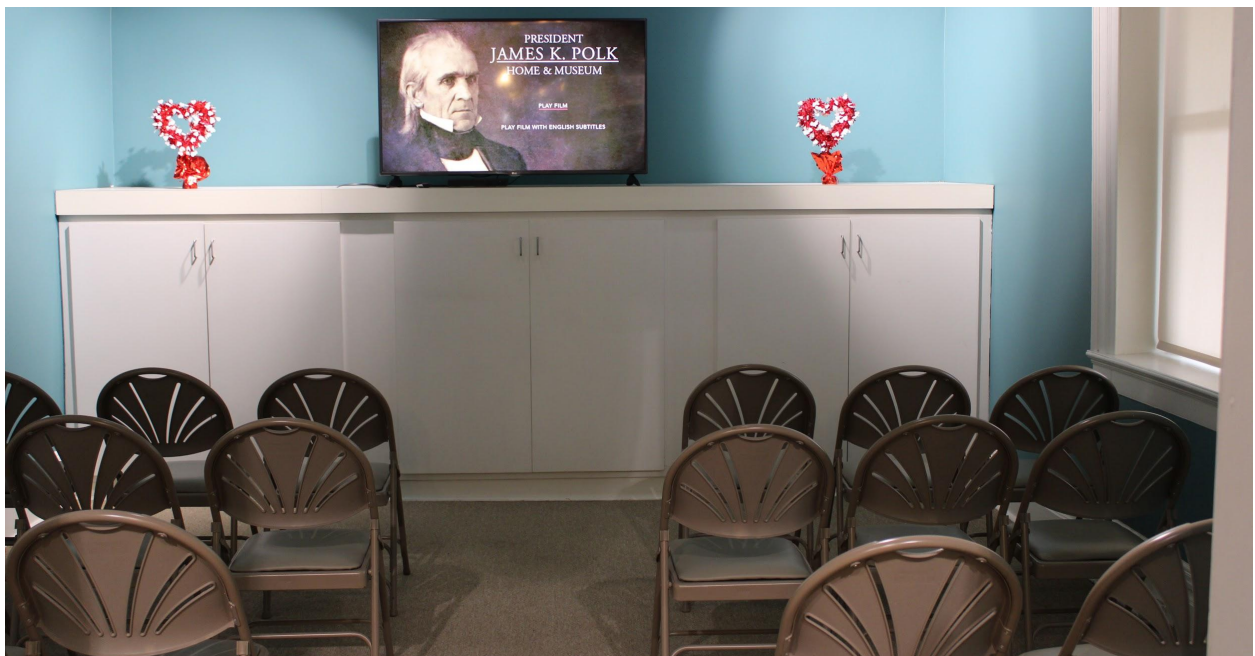

Once I enter, my family can purchase tickets.

To watch the video, we can walk through the gift shop. If there is time later, I might get to shop.

Then I can watch a short video about James K. Polk.

**I can walk back through the gift shop to explore the
Museum Room.**

I can walk through and learn more about James K. Polk.

If I have to use the bathroom, my adult can take me.

I will walk down the sidewalk to go on a tour with a docent.

The docent will take us through all the rooms of the house, upstairs and downstairs. I will try my best not to touch anything.

Once the tour of the home is complete I can walk outside.

The docent will show me the kitchen and I can look around.

After the tour, I might go see the special exhibit. I will walk on this sidewalk to go to the next building.

We will go through these doors to go inside.

I can tour the Mexican-American War Exhibit, and I will try not to touch anything.

Once it is finished, I might get to go back to the gift shop.

Or I might look through the gardens.

I will try to have fun at the Polk Home!
